In order to issue the replacement pedigree, proof of proper transfer of ownership from the breeder to the current owner is required. As proof of ownership we accept either the original sale's contract or an informal confirmation of the seller.

If the complete chronology of ownership transfer is on file with the SV main office the loss of the original pedigree will be published in the next SV magazine. An appeal period of two weeks is intended after the publication of the magazine.

The processing fee (packing and postage extra) for members and non-members can be found on our website on the table of charges.
