

FAQ Parking and Entrance Tickets BSZ Conformation Show 2021

From when on are entrance tickets available for exhibitors who do not require parking spaces?

Very important: Final seating is not yet allocated, even to **exhibitors who wish to book parking spaces** but a pre-booking of the requested category of the desired main grandstand is guaranteed.

After the deadline for registration will have expired the pre-bookings can be changed into confirmed seating, **viz. confirmed and numbered seats on the main grandstand**. By that time, also **exhibitors who do not require parking spaces** can book confirmed and numbered seating. This booking preference is subject to an expiration period and exclusively reserved for both groups – exhibitors who do and who do not require parking spaces. Once this deadline has expired the remaining contingents will be made available to the public.

Until when can parking tickets be acquired exclusively by exhibitors?

Once the deadline for registrations has expired, priority is no longer given to exhibitors only. From then on, the ticket sale will be unrestricted. Therefore, please kindly book your tickets in a most timely fashion! At a later time, there is a considerable likelihood that tickets can no longer be offered in all categories and quantities desired.

When will the booking of entrance tickets be possible for other persons, for instance family members and visitors?

This is only possible once the exclusive booking period for exhibitors (who do or do not require parking) will have expired provided that the ticket sale cannot be covered by the advance booking office (a maximum of three tickets for the main grandstand, respectively for the opposite stand of the stadium).

Can parking and entrance tickets be paid via direct debiting with the SV?

No, that will not be possible since the payments will be taken care of by an external supplier that has no access to the direct debiting permission as granted to the SV.

What are the contact details of the external supplier?

The ticket sale will be taken care of by the INTERO Operations & Services Inc. Their offices are located in Arabella Street 35 in 81925 Munich. The ticket shop operates under the trade name **SNAPTICKET** which is officially registered at INOS

The contact details are as follows:

Internet: <http://www.snapticket.de/kontakt>

E-Mail: payments@snapticket.de (*thank you for understanding that at this contact point no questions regarding the event can be answered!*)

What are the details in terms of access options and parking at the camping facilities?

Entrance is only possible for 1 passenger car plus one trailer per parking space. In detail this means:

- 1 passenger car with one **camper**
- Alternatively, 1 camper with a trailer (but not bigger than a transport trailer for dogs)
