

Important Information BSZ Conformation Show 2021

1. Bookable Categories of Parking Spaces and Entrance Tickets

The **booking period for parking spaces** for exhibitors starts simultaneously with the registration of dogs, dated **April 06th, 2021**, and will expire on **June 28, 2021**. Along with tickets for parking spaces also tickets to the stadium can be purchased. As a result of the pandemic, the **allocation of the individual seating** will be carried out from the beginning of the month of **July 2021**. You will at any rate secure your tickets for seating in the desired category for the entire event **while arranging for the registration(s) of your dog(s)**.

Exhibitors enjoy preferential access to parking spaces for vehicles with trailers. Only **one parking space per registered dog** can be booked. Tickets for parking and entrance to the stadium can be booked when the period for dog registration starts. After the period for dog registrations will have expired the sale of the still remaining tickets will begin.

Please note: Two kinds of seating categories are available on the grandstand:

- Business seats (upholstered leather seats, with access to the VIP area)
- Seating on the grandstand (plastic seat shells, without access to the VIP area)

In order to keep the distances between the parking spaces and the seating as short as possible, the following parking spaces are only sold in combination with entrance tickets for the grandstand:

- Parking Spaces **S1 only** reserved for parking of **passenger cars/ motor vehicles**, optionally with 2 business seats (VIP) or 2 respectively 3 seats on the grandstand.
- Parking Spaces **S2** reserved for parking **with trailers**, optionally with 2 business seats (VIP) or 2 respectively 3 seats on the grandstand.
- Parking Spaces **S6** reserved for parking **with trailers**, optionally with 2 business seats (VIP) or 2 respectively 3 seats on the grandstand.
- Parking Spaces **S8** reserved for parking **with trailers**, optionally with 2 business seats (VIP) or 2 respectively 3 seats on the grandstand.

In addition to the above mentioned the following options for parking are available which can be purchased with or without an entrance ticket to the stadium on the **opposite stand**.

- Parking Spaces **S3** parking only for **passenger cars/ motor vehicles**, optionally with 0 to 4 seats on the opposite stand of the stadium.
- Parking Spaces **S4** parking reserved for vehicles **with trailers**, optionally with 0 to 4 seats on the opposite stand of the stadium.
- Parking Spaces **S7** reserved for vehicles **with trailers**, optionally with 0 to 4 seats on the opposite stand of the stadium.
- **Camping** 8x8 metres from Wednesday on, optionally with 0 to 4 seats on the opposite stand of the stadium

Please note: in 2021 spaces are only available from Wednesday on and with the dimensions of 8x8 metres.

Please note that for animal protection related reasons dogs may not be left behind on the parking spaces.

By the same token, dogs may never be left behind in a closed vehicle at hot temperatures and sunshine. Inspections will be carried out on a regular basis and punished in case of infringement.

Entrance Tickets

Since the pandemic related personal allocation of seating cannot be carried out by the time when the registration of the dogs starts, we are planning to leave three empty seats between all bookable seats (analogous National League scheme) which will lead to a high reduction in terms of the availability of seats on the grandstand (in particular in terms of the business seats). In case that the conditions prevailing by that time will allow for a different kind of seating we will inform you accordingly in due time. Nevertheless, seating in the **desired category is guaranteed** when booked at the beginning of the period for dog registrations. The exact allocation of seats for the individual bookings will be carried out in July 2021. Every customer will be notified on an individual basis in due time.

Please note:

- The rules for social distancing and hygienic guidelines as listed under section three of this information bulletin apply on all stands at the stadium.
- The tickets booked for seating are valid during the **entire event** and **may not be exchanged** – neither may spectators **move on adjacent seats**.
- The **instructions** as given by the **security staff** need to **be adhered** to at any time.
- The **registration confirmation is not** tantamount to an entrance ticket.

Please kindly understand that we cannot offer reduced entrance for children, teenagers as well as disabled persons in 2021 since the increased requirements in terms of hygienic- and infection protection measures do not allow for it. Parking for wheelchair users can be purchased upon presentation of a disability certificate at the central office of the HG in Augsburg. Please kindly send a copy your disability card to bsz@schaefershunde.de.

2. Hygenics and Social Distancing:

During the event the stipulations as laid down in the **infection protection regulations** of the state of **Bavaria (BayIfSMV)** need to be strictly complied with by all exhibitors and visitors.

From today's view this implies:

- All persons on the premises of the stadium need to keep a minimum distance of 1,5 metres.
- Wherever the minimum distance cannot be complied with, all persons involved need to wear an oronasal mask – preferably the FFP2 type.
- During the entire event no physical contact among people is permitted.
- In the area of catering and restaurants all requirements in terms of the then valid infection protection regulations of the state of Bavaria need to be strictly adhered to, masks have to be worn in particular in the indoors area on all ways, for instance bathrooms, the buffets, and while leaving the dining tables, always under consideration of the minimum distance toward

Nürnberg 2021

other persons. In order to ensure the traceability of the guests present, a contact and guest register shall be kept.

Please kindly carry masks – **preferably the FFP2 type** – with you during the entire event.

Depending on the development of the pandemic further measures can be taken either by the event organizer or become necessary based on amended legal requirements, such as the requirement for a certificate of a negative Corona test or other verifications. We shall inform you well in time if this is the case.

3. Requirements for Parking Areas

Depending on the kind of parking spaces booked the modalities differ. The parking tickets will be sent out by electronic mail from the central office of the HG in Augsburg – subject to different time intervals – once the registration and verification hereof will have been finalized.

For parking with trailers, the following applies:

- Dimensions approx. 2,20 x 7,50 metres
- The parking ticket and a mobile phone number (shall be requested upon booking) need to be placed well visible within the vehicle.
- No caravans, mobile homes and busses are admitted!
- The license plate number is to be written on the ticket.

For passenger car/ motor vehicle parking the following applies:

- Dimensions approx. 2,20 x 5 metres
- Only for passenger cars/ motor vehicles
- The parking ticket and a mobile phone number (shall be requested upon booking) need to be placed well visible within the vehicle.
- No caravans, mobile homes and busses are admitted!
- The license plate number is to be written on the ticket.

The following applies for parking in the Camping Areas:

- Parking spaces 8x8 metres, arrival possible from Wednesday, at 12.00 hours (noon).
- Electricity supply available.
- Bathroom facility available. However, owing to the pandemic at limited times of the day.
- Departure until Monday (September 06th, 2021) at 12.00 hours (noon)
- The usage of ground spikes is not allowed.
- Admission only for 1 vehicle + 1 trailer per parking space.
- It remains at the discretion of the event organizer to change the localities of the camping area in cases of force majeure (weather conditions, etc) within the premises of the stadium.
- Open fires are not allowed.

Special note on Camping Spaces: In case that the authorities impose special hygienic requirements for the usage of bathroom facilities, the event organizer shall be entitled to charge the additional expenses to the camping space fees. Also, the event organizer is authorized to make changes in terms of the campsite rules at reasonable discretion if factual reasons call for such a step.

4. Veterinary Requirements (applicable for all dogs, also for those who do not participate in the event)

Only dogs with valid vaccination shall be admitted to the event. This requires that a vaccination against rabies

- in case of the first vaccination of a puppy at the minimum age of 12 weeks was carried out at least 21 days after the basic immunisation, and at the longest after the period that the producer of the vaccine recommends for a follow-up.
- in case of a follow-up vaccination was carried out within the period that the producer of the vaccine recommends for the respective follow-up vaccination.

The **vaccination** has to be **verified** by means of a **vaccination card** which has to include the following details:

- a) Name and address of the owner of the animal
- b) Breed and gender of the animal
- c) Features of the animal, colour of the fur, kind and pattern of fur, microchip number
- d) Date of the vaccination as well as type, producer and verification number of the vaccine administered
- e) Information on the duration of immunisation
- f) Signature and official seal of the veterinarian

Dogs from abroad have to comply with the respective immigration requirements and have to be microchipped.

In addition to that these dogs need a vaccination card that proves a valid rabies vaccination (for details please also refer to article 6 et seq. European Union regulation number 576/2013). Dogs from other foreign countries also need to be microchipped and have a vaccination card or health certificate that includes the verification of a valid vaccination against rabies. In addition to that, dogs from not listed third countries require a rabies titre from an EU approved laboratory (for details please refer to article 10 et seq. of the European Union regulation number 576/2013).

Exhibitors or persons entrusted with the care of the dogs have to immediately report the occurrence of a disease – or the suspicion hereof – which might be caused by an epidemic infection to the exhibition management.

Dogs from a city or administrative district that was locked down due to rabies in domestic animals can only be admitted upon presentation of a verification that the place of origin of the dog affected is not located in the restricted area.

Please kindly always carry the vaccination card with you since inspections are possible at any time.

Please note that the veterinary authorities issued the following requirements owing to the current circumstances:

Nürnberg 2021

- **All** exhibitors who come by motor vehicle or passenger car, and who transport their dogs either inside the motor vehicle or passenger car, in the trunk or trailer have to place the parking ticket well visible at the wind screen inside the motor vehicle or passenger car, and ensure that the mobile phone number as provided upon the registration of the dog(s) is clearly legible.
- The security staff is strictly instructed to monitor the compliance with this requirement. The veterinary authorities also carry out inspections.
- In doing so, we correspond with the requirement on the part of the veterinary authorities that the dog(s)'s owner can be located at any time.
- On the occasion of dogs in show stance plastic bags for excrements shall be made available which every dog's handler is required to carry with him or her in order to clean up behind their dogs if necessary.
- Please urgently comply with this requirement.
- For animal protection related reasons dogs may not be left behind on the parking spaces at night.
- By the same token, dogs may never be left in closed cars or vehicles in sunshine or at warm temperatures. Inspections will also be carried out in this respect and infringements shall be prosecuted.

The following applies for the entire premises, all parking and camping sites of the stadium:

Garbage is to be discarded into the respective containers. In particular, the excrements of the own respectively handled dogs are to be removed. Dispensers for plastic bags and garbage containers for that purpose are available on the entire site. Dog handlers are provided with plastic bags for excrements along with the starting vests which they are supposed to carry with them at all times.

For everybody on site the following applies:

Infection protection and traffic related regulations as issued by the responsible authorities have to strictly be adhered to. The instructions of the safety staff have to be complied with. Infringements entail an exhibition ban from this event. The SV reserves the right to initiate internal proceedings according to the right and rules of procedures. In case that the association suffers damage as a result on the non-compliance with the rules recourse shall be taken against the responsible person.
